

Nourish App Launch – Parent/Carers

Our school caterer, Nourish, has launched a new App to allow parent/carers to stay up-to-date with the latest school menus, theme days and events. Our school has been invited to sign-up. It's a really useful way to stay informed. Below are the joining instructions so you can download and start using it today.

The App is available in the App and Play Stores.

Download from

[Google Play](#)

[Apple Store](#)

Setting up an account is simple. Download the App and use the parent code **OpQOIMY_XX** to set up an account (you will only need this once). Add a username and create a password and then you can begin using the App.
